

Support to Air Force & Space Force

DFAS provides the Air Force and Space Force accounting and finance support primarily from the Columbus and Limestone locations, with Civilian Pay and residual Military Pay through the Indianapolis site. DFAS works very closely on a number of initiatives looking for process improvements, cost reduction, and better business practices.

INITIATIVE COLLABORATION

DDS

Deployable Disbursing System transition from Centralized Disbursing System (CDS) to DDS for DAF

REDUCE LEGACY SYSTEMS INITIATIVES

Focus on Integrated Accounts Payable System (IAPS) and General Accounting & Finance System (GAFS) migration to enduring solutions

AFIPPS

Air Force Integrated Personnel and Pay transition

IMPROVING OUR BUSINESS

LEVERAGING ADVANA

To support audit priorities related to reconciliation and universe of transaction goals, increasing standardization across the Department

ROBOTICS PROCESS AUTOMATION

Increasing efficiency in functional areas with repetitive manual inputs and process steps in Accounts Payable and Civilian Pay accounting

MAXIMIZING THE ERP

By transitioning workload from legacy systems to DEAMS

FUTURE PLANS

MPP

Miscellaneous Pay Project – Working to improve miscellaneous payment processing and timeliness for hands-free processing

MILITARY PAY TRANSITION

Transition of Military Pay functions to DAF in FY 22 with support as needed, i.e. Secondary Dependencies

FBWT

Fund Balance with Treasury – Partnering with the DAF to reduce undistributed disbursements and collections and strengthening our process and system controls in support of downgrading the material weakness
