

Support to Department of the Army

DFAS provides Army with finance, accounting, system, contingency and audit support from across the DFAS network. Collaboration between DFAS and Army focuses on improving support quality while simultaneously reducing operational costs.

INITIATIVE COLLABORATION

LEGACY SYSTEM REDUCTION

Retiring systems and moving business to the target environment (e.g. SOMARDS divestiture)

FBWT MATERIAL WEAKNESS DOWNGRADE

Implementing audit acceleration in conjunction with undistributed reduction

GFEBs DATA QUALITY IMPROVEMENT

Ensuring SFIS attributes are populated using source detail (e.g. SFIS 11.2 conversion)

TDO/NTDO

Army DFAC collections pilot

IMPROVING OUR BUSINESS

AUDIT

Collaborating to achieve unmodified opinion

MILITARY PAY

Supporting IPPS-A implementation

CONTINGENCY OPERATIONS

Ensuring DFAS preparedness to support theater missions, homeland emergencies and natural disasters

TRAVEL PAY SMART VOUCHER

Leveraging automation to simplify claim submission

FUTURE PLANS

ROBOTICS AND AI DEPLOYMENT

Leveraging capabilities

DATA ANALYTICS TOOLSET

Increasing knowledge base and usage

EBC-C DEVELOPMENT

Ensuring transactional posting logic accuracy

FBWT/UNDISTRIBUTED RESEARCH AND ANALYSIS EFFICIENCY

Linking voucher numbers from AFT to GFEBs document numbers in GFEBs
