

Support to Department of the Navy

DFAS provides Navy and Marine Corps active duty pay and Navy and Marine Corps reserve pay through our Cleveland site. DFAS assumed control of Navy Pay in January 1991 and is involved in streamlining accounting and finance systems and procedures to lower costs benefiting the taxpayers.

INITIATIVE COLLABORATION

UMT SURGE SUPPORT

Helping Navy reduce their Unmatched Transactions and identify root causes

QUALITY ASSURANCE SURVEILLANCE PLAN

Targeting metrics that align to Navy audit objectives

COMMAND LIAISON SUPPORT TEAM

Dedicated support integrated in command's business to address operational issues

ROLES AND RESPONSIBILITIES

Standardizing business processes in the target environment

IMPROVING OUR BUSINESS

DATA ANALYTICS

Leveraging Advana as a platform to standardize reconciliations and universe of transactions to support audit priorities for the Department

TECHNOLOGY

Using Audit Command Language (ACL) and Power BI as tools to enhance the way we analyze data

ROBOTICS

Driving efficiencies in functional areas with repetitive manual inputs resulting in reduced costs

REFORM

Influencing NDAA legislative changes to bolster the services we provide

FUTURE PLANS

NERP

Navy Enterprise Resource Planning migrating Navy from legacy systems to ERP

DEPLOYABLE DISBURSING SYSTEM

Consolidating disbursing to one system and DSSN

NAVY PERSONNEL AND PAY

Modernizing Navy's MilPay processes in a targeted environment

REDUCE LEGACY SYSTEMS

Retiring systems and moving business to the target environment.
