SUBJECT: Class Deviation—Update to Accelerated Payments to Small Businesses

This class deviation supersedes Class Deviation 2013-O0008, dated April 5, 2013. Effective immediately, the attached list of DoD entitlement and payment systems that have acquired the capability to provide accelerated payments to small businesses has been updated to include three additional systems: OnePay, Integrated Accounts Payable Systems (IAPS), and Computerized Accounts Payable System-Windows (CAPSW).

DoD revised DFARS 232.903 and 232.906 to assist small business concerns by paying them as quickly as possible after receipt of an invoice and all proper documentation. DoD is using a phased implementation approach because all DoD entitlement and payment systems required modification to accommodate the accelerated payments.

The Defense Finance and Accounting Service completed the modifications to OnePay, IAPS, and CAPSW, to provide for these accelerated payments. We plan to update this class deviation as each of the remaining DoD Component systems acquires the capability to perform the accelerated payment process.

This class deviation remains in effect until superseded or rescinded. My point of contact for this action is Annette Gray, who may be reached at 571-372-6093 or annette.d.gray.civ@mail.mil.

Richard Ginman
Director, Defense Procurement
and Acquisition Policy

Attachment:
As stated

Class Deviation 2014-00006
DoD Entitlement and Payment Systems Capable of Providing Accelerated Payments
To Small Businesses
