SQL\*loader

Oracle Reports

Impromptu

Powerplay

Other (please specify: \_\_\_\_\_)

### Project Phase:

Not Applicable

Analysis (Concept Development)

Design

Development

Deployment

### Statement of Problem (Be concise and precise):

Oracle Attributes Definition Report error. For an attribute with allowable values, the meaning column is truncated in its first position when the report is generated into an ASCII file.

**Statement of Solution or Work-around:** Add a blank space in front of the meaning text for an attribute's allowable value.

### Recommended Practice:
