

Defense Finance and Accounting Service

Mission: Deliver financial excellence and quality pay services to our customers

Auditing

Auditing Key Functions

Using advanced computer analysis techniques and data mining, you will work to:

Detect and prevent fraudulent attacks against Department of Defense financial assets.

Conduct audits helping to ensure accuracy of DoD financial management systems.

Conduct performance audits focusing on the economy and efficiency within the DFAS organization.

Mission Focused

Looking for motivated and dedicated individuals to excel in supporting the DFAS mission

DESIRED SKILLSETS

At the entry level, managers are looking for candidates who demonstrate skills and abilities that contribute to the success of the DFAS Mission:

- Strong research skills
- System skills – with ability to analyze data
- Excellent written and verbal communication
- Ability to be resilient and capture lessons learned
- Solution driven
- Flexible in response to changing work priorities

At the senior level, managers also look for candidates with strong knowledge and experience in auditing, who provide objective and systematic examinations that result in independent audit assessments.
