
This means for the surviving spouse of an Active Duty/Line of Duty member who requested to have the Survivor Benefit Plan (SBP) annuity paid directly to an eligible dependent child or children, the annuity will revert to the surviving spouse in 2023 (if she or he submits documentation and is eligible).

This checklist is designed for use by the surviving spouse (widow or widower) of a service member who died on active duty or on inactive duty in the line of duty after October 7, 2001 and who previously requested the Optional Annuity for Dependent Children.

The checklist will help you fill out the Special Eligibility Packet so we can provide you with the assessment of your SBP eligibility in advance of the January 2023 reversion date.

If you have special circumstances, please check our webpage for additional information: https://www.dfas.mil/sbp2023childoptrev
