

New to myPay? How to Get Started

myPay provides convenient access to a range of information about your payments, and lets you easily update your contact information or your tax withholding, check your SBP coverage and your AOP beneficiary (retirees), submit your annual certification (annuitants), or download your tax documents. And when you have an email address in myPay, you can receive important email messages from DFAS about your pay account and information from your branch of service.

If you've never used myPay, you can request an initial password on the myPay homepage using the "Forgot or Need a Password" link. The password will be mailed to the address you have on file with DFAS and you will receive it in about 10 business days. Once you receive your password in the mail, you can return to the myPay homepage and login with your social security number and the password you received in the mail to create your myPay profile. Just follow the steps below.

myPay is available using the internet from your computer or your mobile device browser at: <https://mypay.dfas.mil>

1. Click the "Forgot or Need a Password" link on the myPay homepage to request a temporary password

2. Enter your Social Security Number, check the box affirming you are the account owner, and click "Continue"

FORGOT OR NEED A PASSWORD x

USE THIS PROCESS if you have lost, do not remember or have not received a Password. This process will determine if you can reset your Password online by answering established Security Questions for Password resets, or if we can email or mail a new temporary Password.

THIS PROCESS WILL VOID YOUR CURRENT PASSWORD.
